

United Nations Educational, Scientific
And Cultural Organization

Programme on Man and Biosphere
By decision of the Bureau of International
Co-ordinating Council of the Programme of Man
and the Biosphere, duly authorized
to the effect by the Council

Kronotsky zapoveldnik
(Union of Soviet Socialist Republics)

is recognized as part
of the international network of the Biosphere Reserves.

This network of protected samples of
the world's major ecosystem types
is devoted to conservation
of nature and scientific research
service of man.

It provides a standard against which can be measured
the effects of man's impact
on his environment.
